

Services and Capabilities

Superior and efficient property and facilities management is central to EIP's business. Today we manage more than 15 million square feet of our own property, and 16 million square feet of third-party owned property.

Our superior performance and client satisfaction is demonstrated by our increasing roster of loyal, globally recognized tenants and our perfect record in being retained to oversee property and facilities management by the buyers of our property. Whether you are a local company or a world-renowned corporation, EIP prides itself on delivering property and facilities services that meet all necessary requirements, and continuously seeks to add value to your business.
